We do not depend upon employes to conduct our business or superintend our work, as we have grown up with the business and are thorough, practical mechanics, and give our special attention to all orders executed at our works. Our quality of work in point of construction, style, finish and ornamentation, is unequaled anywhere. Best materials and most skillful workmanship always employed. Our cornices are all thoroughly fire-proof, and are fully and substantially braced with wrought iron stays and anchors; all parts are so constructed and accompanied by such definite instructions, that an ordinary carpenter can put it in place without any difficulty; the work is thoroughly boxed and crated with wood-work to avoid all breakage or damage by transportation.

Architects, contractors, builders, tinners and owners can send us small scale drawings or full-size drawings or send us dimensions of building and we will make designs to suit, with estimates of cost of work delivered on board cars here.

LOUISVILLE, KY., Oct. 1st, 1889.

Mr. C. H. Strickland, Gen. Manager,
Southern Dep't Imperial Life Ins. Co., Macon, Ga.

DEAR SIR—Your favor of the 28th is received. We regard THE INDICATOR as the best insurance advertising medium that is in the country for the following reasons: First, it is a journal of high character and tone, which in no way compromises with uncertain insurance or with questionable or unfair advertising for any one. Its editor is a brave, fearless gentleman who strikes out boldly for the truth and his sayings are relied upon by all, and he is an authority in insurance matters. Second, it is a journal which declines the advertisements of any but responsible companies. Third, it is always an interesting and newsy periodical. Fourth, it has an immense circulation, and we have heard from our advertisement and the send-off which they gave us from all parts of the country, as much from the South as from the North. It was a surprise even to us to know how far they reached.

We think this comprehends all that is necessary to recommend so valuable a journal. No insurance man, who pretends to keep up with the times, can afford to be without THE INDICATOR, and very few of them are.

Very truly yours,
(Signed) ROBT. SKENE, JR.,
Sec. and Gen. Manager.

MORAL: If you are not already a subscriber to THE INDICATOR, become one at once. The price is only $2.00 per year, in advance.

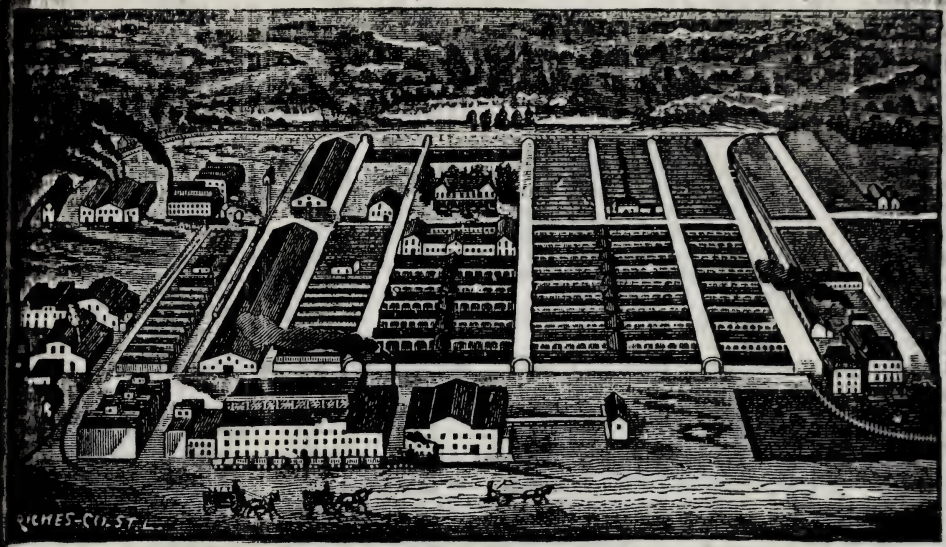
CARRINGTON & CO., DALLAS, TEXAS. YOU can MAKE PROPERTY. Write to us. We { 25 per cent. to 100 per cent. } Profit in Buying Dallas City Refer to any Bank.

JOHN B. DUTCHER, President. C. G. KNOX, Vice-Prest. and Treas. CHAS. T. JONES, Supt.

St. Louis National Stock Yards,

LOCATED AT EAST ST. LOUIS, ILL.,

DIRECTLY OPPOSITE THE CITY OF ST. LOUIS, MO.



THEY HAVE AN AREA OF 656 ACRES.

100 Acres Enclosed for the Business of the Yards.

Capacity: 12,000 Cattle; 30,000 Hogs; 7,500 Sheep.

NEARER THE BUSINESS CENTER OF ST. LOUIS

THAN ANY YARDS LOCATED IN THE CITY.

The Pork Packing Houses located at these Yards have a capacity for killing 12,000 Hogs per day, and 1,000 Cattle.

Buyers from New York, Boston, Philadelphia, Baltimore, Pittsburgh, Buffalo and all New England cities; Cincinnati, Louisville, Nashville and other points, also from Liverpool and London, England, are permanently located at the Yards, and shippers can confidently anticipate an active and reliable MARKET for all receipts, however large, and for all grades of Stock. Arrangements are made for forwarding from Venice all consignments from Illinois. First-Class HOTEL attached to the Yard. The Stock Yard Bank, under the management of Newman & Farr, has an office in the General Offices at the Yards. Postoffice.

THE KANSAS CITY STOCK YARDS

RECEIPTS FOR 1888:

Cattle	**1,056,086**
Hogs	**2,008,984**
Sheep	**351,050**
Horses and Mules	**27,650**

These Yards are by far the most commodious and best appointed in the Missouri Valley, with ample capacity for feeding, weighing and shipping Cattle, Hogs, Sheep, Horses and Mules. They are planked throughout, no Yards are better watered, and in none is there a better system of drainage. The fact that higher prices are realized here than in the East is due to the location at these Yards of eight packing houses, with an aggregate daily capacity of 3,800 cattle and 27,200 hogs, and the regular attendance of sharp, competitive buyers for the packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati, New York and Boston.

All the sixteen roads running into Kansas City have direct connection with the Yards, affording the best accommodation for Stock coming from the great grazing grounds of all the Western States and Territories, and also for Stock destined for Eastern markets.

The business of the Yards is done systematically and with the utmost promptness, so there is no delay and no clashing, and Stockmen have found here, and will continue to find, that they get all their Stock is worth, with the least possible delay.

MANUFACTURERS OF

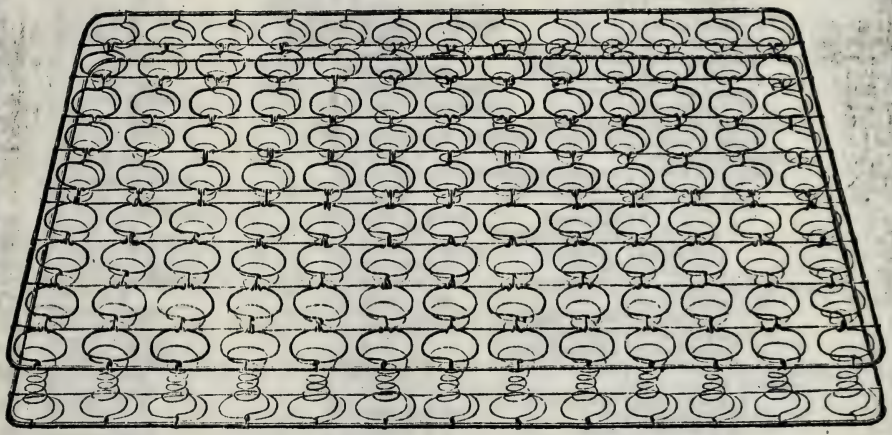
Spring Beds, Woven Wire Mattresses

COTS, IRON BEDSTEADS, EXCELSIOR,

AND THE

ONLY GENUINE TEMPERED ALL-STEEL WIRE MATTRESS.



No. 27. ALL-STEEL WIRE MATTRESS, TEMPERED AND JAPANNED.

PATENTED DECEMBER 19th, 1882.

Nine Rows, 5 feet 4 inches wide, has 117 Springs.
The wire used in the manufacture of the No. 27 all-wire bed is the best steel wire, drawn expressly for the purpose.

We have recently perfected at great expense a new process, which gives this bed after it is put together a genuine fire and oil temper. No other metallic bed on the market has this important feature.

The No. 27 weighs about 25 lbs., is handled with ease by one person, and the cost of freight is very small.

We sell the No. 27 all-wire mattress in every State in the Union, and it has a national reputation for comfort, cleanliness, lightness and durability.

Illustrated Catalogue and Price List will be mailed to the trade on application.

THE MENGE PUMP or WATER ELEVATOR

Is the most Serviceable and Economical of any Built in this Country, as the following Testimonials from Customers will show:

ELMWOOD PLN'T, CAMP PARAPET P. O., JEFFERSON PARISH, LA., June 16, 1887.

MR. JOSEPH MENGE:

DEAR SIR—The Pump I bought of you, and which you sent me yesterday, I have started working this morning, and I must say that it is the best I ever saw. I cannot run my engine fast, for if I did it would throw water up over the pulley. It is giving me a stream 18 inches deep by 3 feet wide, with good velocity. I will advise all my brother planters to use Menge Pumps.

Yours respectfully, FRANK WARNER.

ST. SOPHIE P. O., LA., June 18, 1887.

MR. JOSEPH MENGE:

DEAR SIR—Enclosed please find sight draft for my Pump. I will inform you that it runs in perfect order. Can't desire anything better; gives plenty of water, runs easy and gives good satisfaction in every way.

Yours respectfully, G. SORDELET.

SARAH PLN'T, JESUITS BEND P. O., LA.

JOS. MENGE, ESQ., NEW ORLEANS:

DEAR SIR—The Pump purchased from you, I have put up, and ran a few days, and I find it throws more water than I expected; it keeps my flume full as when the river was well up. I have a small engine and run it very easily with 50 to 60 pounds steam. Many in the Bend have been to see it work, and all say, as I, that it is about the best irrigating or drainage Pump on the market.

Yours truly, W. H. FIELD.

NEW ORLEANS, July 7, 1887.

JOS. MENGE, ESQ.

DEAR SIR:—In regard to the four Water Elevators bought of you, I must say they are giving perfect satisfaction. The planters for whom we got them, say they throw a big stream, and are always in good order. They praise them very much. We think you deserve credit for this simple and cheap machine, which is now in reach of every planter.

Yours truly, S. HASPEL, 41 Decatur Street.

LABADIEVILLE, LA., June 17, 1886.

MR. JOS. MENGE:

DEAR SIR—The seven-inch Pump bought of you I have been running for two days with great satisfaction. My engine drives Pump easily with 25 pounds steam. I have a 10 x 12 square box through which I force the water up to height required. I run engine about one hundred revolutions. The lift is about ten feet now. I would be pleased to have you come out and see it work. I enclose draft for amount of your bill.

Yours truly, T. P. HIMEL.
